Re-inspections for Commercial and Industry, per trip.

\$50.00 _____

TOTAL PERMIT FEE'S TO BE PAID:

\$ _____

Buildings containing electrical contracts of \$100,000.00 and above, shall be charged at a rate of (.75 of one percent) of the total contract price Proof of the contract amount shall be provided at the time of permit

Buildings with multiple service panels and multiple panel locations shall be charged at a rate per each main panel or sub-panel according to the ampacity rating of each service panel from the service schedule above.

The electrical contractor shall provide the City with payment, a copy of the Electrical Contractors license and a copy of the master electrician license at the time of application.

Any electrical work that requires the installation of a circuit addition to any service panel will require an inspection by the electrical inspector. This type of inspection shall be considered as single trip inspections at a cost of \$40.00 per trip for residential and \$50.00 for commercial. This fee shall be paid directly to the inspector with no application fee. *Any contractor or electrician doing work within the State of Kentucky is responsible for reporting this type of work and can be held accountable for non-compliance by the State of Kentucky.*

Inspections outside of the City limits shall be handled by entirely by the Electrical Inspector according to the ordinance adopted by Logan County Fiscal Court.
